

Exploring Free Resources on iTunes U

What is iTunes U?

iTunes U distributes educational material from K-12 schools, universities, and other institutions that can be viewed on a PC, iPod, or iPhone.

Where can I find iTunes U?

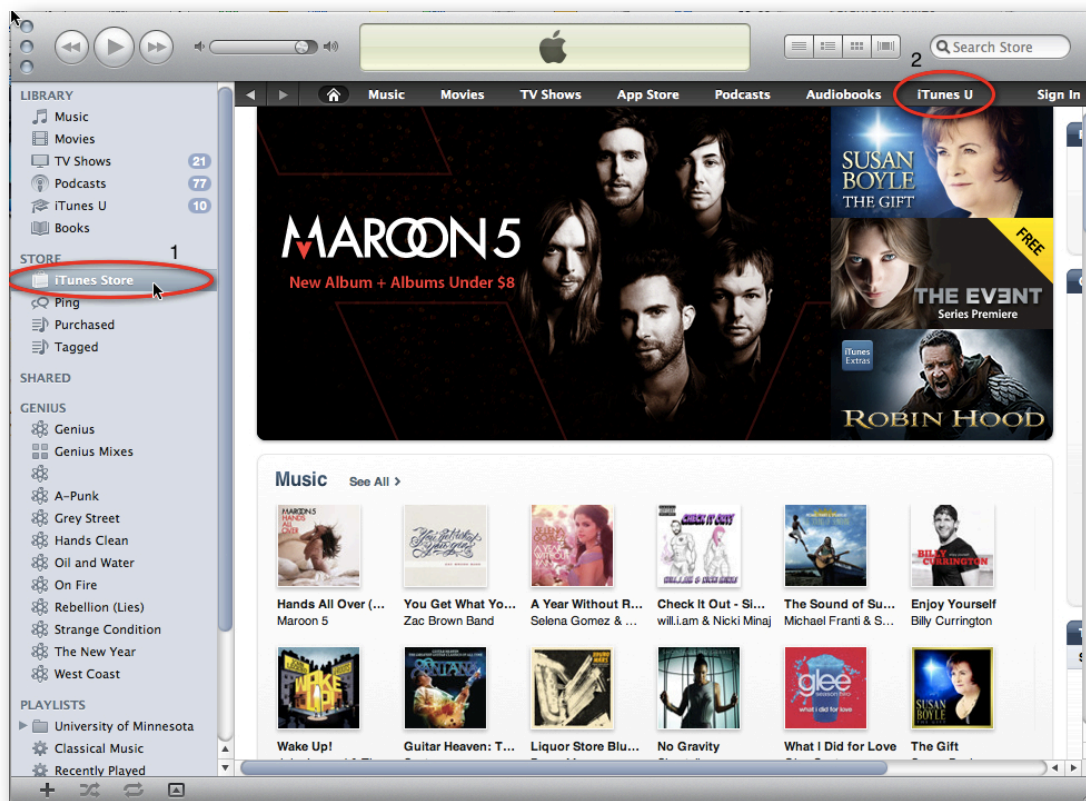

Access to iTunes U is through the iTunes Store. The content is free to download but you must have the iTunes software, also free to download.

iTunes Software download link

<http://www.apple.com/itunes/download/>

Launch iTunes

1. Select *iTunes Store* from the source list in the iTunes Software
2. Select iTunes U from the navigation bar along the top

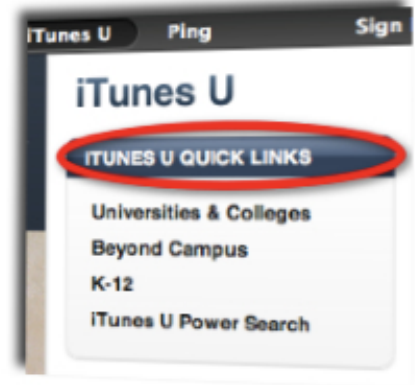

Navigating iTunes U

There are several ways to browse for content when using iTunes U. On the right side of the iTunes U window you will find *iTunes U Quick Links*, *Top Downloads*, and *Featured Providers*.

Quick Links

- Using Quick Links you can see a complete listing for the different categories.

Top Downloads

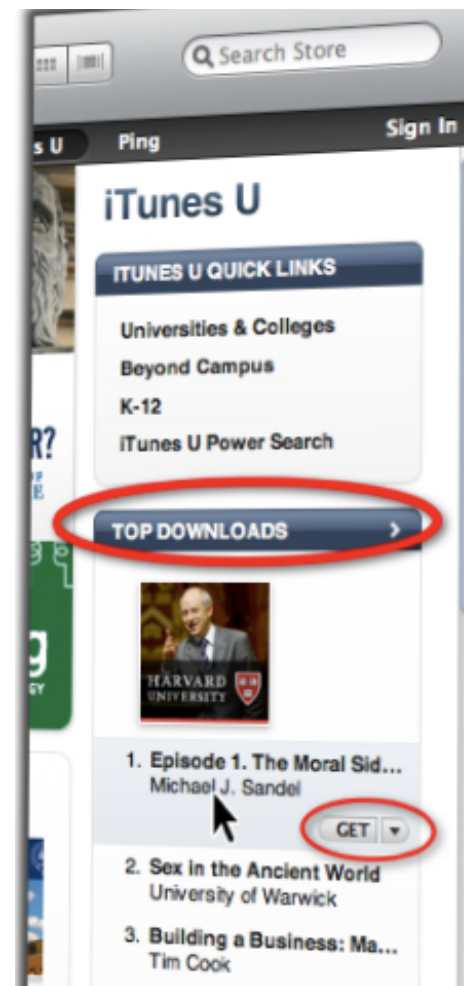

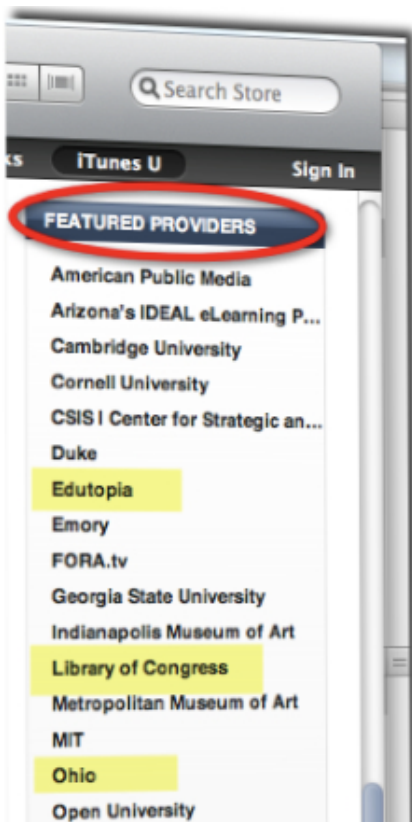

- Hover over a resource and click **GET** to download
- Click on a title to go to the resource page with more information and additional resources to download

Featured Providers *(This is not a complete list)*

- Clicking on a Featured Provider will take you to their page
- From here view the provider's complete collection, quick links and download content.

Edutopia
Library of Congress
Ohio
WGBH

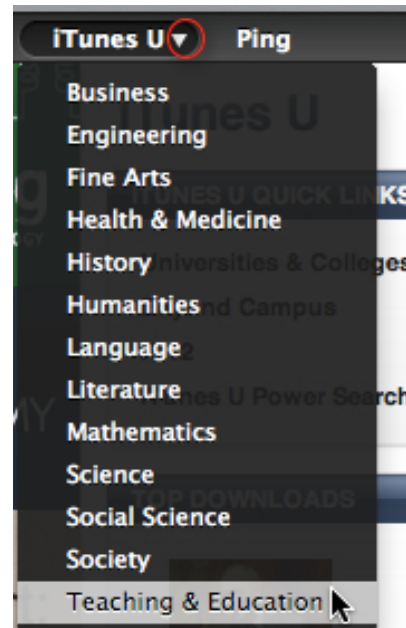

Searching

- Type a keyword or author search in the Search Bar in the iTunes Window
- An auto complete list will generate, click a suggestion to display the results or press the *Enter (Return)* key
- On the search results page you will be able to filter by media type, choose iTunes U (left side of window)
- Use **iTunes U Power Search** under iTunes U Quick Links

Filter by Category

- On the Navigation Bar along the top of the iTunes window, hover over iTunes U and click the drop down menu to display categories
- Clicking an item from the menu will filter iTunes U by that category
- Check out:
Teaching & Education
